

# **BULLETIN 1-2025**

## **RADICAL CUP SCANDINAVIA**

## BULLETIN 1–2025 – OFFICIAL FUEL SUPPLIER

### EXISTING REGULATION UNDER RCS–TR 8.6.7:

*“If an official fuel supplier is appointed for the series, all participants are required to use the designated fuel provided by that supplier, as directed by the series organizer. The supplier and fuel specifications will be announced via bulletin prior to the first event of the season.”*

### UPDATE – OFFICIAL FUEL SUPPLIER FOR 2025

Radical Cup Scandinavia hereby appoints Lantmännen Aspen AB (hereinafter referred to as “Aspen”) as the official fuel supplier for the 2025 season.

### USAGE REQUIREMENT

Aspen’s fuel products must be used exclusively during all official series activities, including:

- Testing and practice
- Qualifying sessions
- Race heats

### FUEL PRODUCTS AND CLASS ALLOCATION

- Aspen Plus – mandatory for PRO SR1 & PRO SR3.
- Aspen R – mandatory for Platinum Class.

### DELIVERY AND HANDLING

- Fuel is supplied in ADR-approved 25-liter plastic containers.
- Containers will be distributed from Aspen’s designated container at each circuit, alternatively distributed by the series organizer.
- Empty containers can be returned to Aspen during the race weekend for recycling and disposal.
- Teams and drivers must **pre-order their fuel supply**. Pre-ordering will be coordinated by the series organizer well in advance of each respective event.

This bulletin enters into force with immediate effect and remains valid until further notice. Future updates may be issued ahead of subsequent seasons.
